Our school strategies are showing substantial progress toward our targets

After reviewing our *Great Results Guarantee* agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our strategies as needed to ensure every student succeeds.

Strategies implemented include:

- Provision of THRASS professional development for all teaching staff
- Provide opportunity for teachers to engage in collaborative data inquiry, action learning, classroom visits and professional conversations
- Purchase of reading resources
- Employment of DP – School Improvement to provide leadership and support in accessing and utilizing data to inform and improve teaching practice and learning opportunities.
- Continue to use school based data to identify students at risk and requiring extension.
